

The Brandlive Video Learning Platform

The modern way to educate anyone, about anything, anywhere.

THE VIDEO LEARNING PLATFORM is customer-engineered to hit the sweet spot for an easy and effective video-first learning program, capturing the most important features of today's learning management systems without upcharging for the ones that most companies don't want. The result is a high-level educational tool used by brands to train employees and retail partners on products, services and policies - all through the use of engaging, interactive video.

The Administrator Experience

Educators love the minimal effort that goes into creating clean, customizable courses.

SIMPLE TO USE

Build courses and lessons using live or pre-recorded video. Edits can be made as often as you need and will take effect instantly.

INTERACTIVE

Include quizzes within lessons to test your participants' knowledge.

AGILE

Easily repurpose assets such as videos, supporting documents, and more into your lessons.

BUILT-IN INCENTIVES

Increase audience engagement by offering incentives to course participants.

COMPREHENSIVE

Track effectiveness of courses, lessons, quizzes, and audience participation with easy-to-read graphs and metrics.

The Audience Experience

Now you can offer interactive, personalized learning experiences that users will enjoy.

VIDEO-FIRST

Watch customized live and pre-recorded videos to easily master coursework - no need to read through lengthy material.

BETTER THAN AN LMS

No more clicking through e-learning modules to get through dense material, without really learning much.

FLEXIBLE

Take courses via a web browser or the free Brandlive app.

INSTANT FEEDBACK

Find out whether you've passed right away.

USER-FRIENDLY

Easily navigate the courses assigned to you.
